#### Measuring and Accounting for Innovation in the 21st Century, 2017

Disclaimer: Any opinions and conclusions expressed herein are those of the authors and do not necessarily represent the views of the U.S. Census Bureau. All results have been reviewed to ensure that no confidential information is disclosed

Dinlersoz et al. (Census)

#### Contribution & Motivation

#### Motivation

- Innovation has many dimensions
- Trademarks as a measure of innovative activity

#### Contribution

- New data infrastructure and linkages
- First comprehensive look at firm-level trademarking activity in the U.S.

- Typical trademarking firm  $\rightarrow$  larger, older
- First-time trademarkers  $\rightarrow$  smaller, younger
- Industry composition shifting
- Surge of young first-time trademarking activity in the late 1990s
- Trademarking associated with growth, particularly in small, young firms

#### What is a trademark?

- Law:
  - Evidence of ownership
  - National exclusive right of use mark
  - Access to federal courts in case of infringement
  - Customs registration to block infringing imports
- Economics:
  - Reducing consumer search and switching costs
  - Lower cost of marketing new products
  - Capture goodwill, generate brand awareness and loyalty

#### Data

#### • USPTO Casefile Database

- Tracks filing, prosecution, publishing, registration and transfer of marks (Graham, Hancock, Marco, and Myers, 2013)
- US Census Bureau's Firm data
  - Business Register & Longitudinal Business Database
  - Integrated Longitudinal Business Database

#### **Trademarks Frame**

| Frame Counts       | Trademarks (000) | Owner Records (000) |
|--------------------|------------------|---------------------|
| Owner File         | 7,214            | 17,381              |
| Excluding pre 1976 | 6,907            | 16,937              |
| Excluding Foreign  | 5,939            | 14,406              |
| Excluding Federal/ |                  |                     |
| State, Individuals | 5,048            | 12,289              |

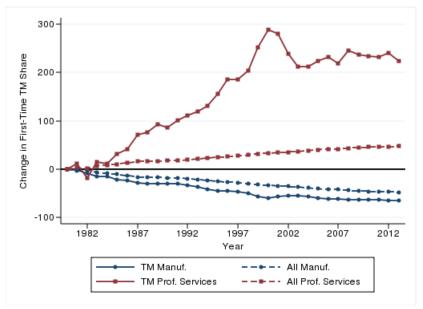

#### Match Results

| Match     | Trademarks  |       | Trademarks Owner Records |       | ords |
|-----------|-------------|-------|--------------------------|-------|------|
| Frame     | Count (000) | Pct   | Count (000)              | Pct   |      |
| BR/LBD    | 3,736       | 74.0  | 9,163                    | 74.6  |      |
| ILBD      | 99          | 2.0   | 223                      | 1.8   |      |
| Unmatched | 1,213       | 24.0  | 2,903                    | 23.6  |      |
| Total     | 5,047       | 100.0 | 12,289                   | 100.0 |      |

#### **Trademarking Firms**

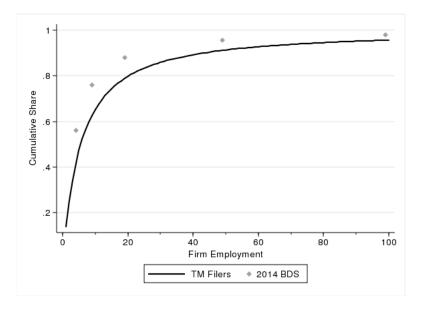

| Year | Matched<br>TMs | Firms filing<br>a TM | Firms filing for the first time |
|------|----------------|----------------------|---------------------------------|
| 1977 | 5,761          | 3,375                | 3,380                           |
| 1982 | 10,992         | 6,290                | 4,580                           |
| 1987 | 11,923         | 7,250                | 4,780                           |
| 1992 | 19,607         | 10,550               | 6,200                           |
| 1997 | 39,337         | 18,160               | 10,360                          |
| 2002 | 42,094         | 19,710               | 10,350                          |
| 2007 | 60,017         | 27,170               | 14,600                          |
| 2012 | 62,814         | 29,470               | 15,150                          |

## Trademarking, Growth, and Size

# Trademarking, Growth, and Age

#### Trademarking and Innovation

| Probability a firm has $\longrightarrow$ | Trademark | Patent |
|--|-----------|--------|
| Firms with a trademark                   | 100       | 7.6    |
| Firms with a patent                      | 16.5      | 100    |
| Firms with R&D activity                  | 19.7      | 53.3   |

#### **Concluding Remarks**

- We: develop linkages, characterize trademarking firms in the US
- Trademarks as indicator of innovative activity
- Next steps:
  - Data: additional matching work, integrate assignments database, construct trademark portfolios
  - Research: firm dynamics; trademark value; test models of search/loyalty/advertising, relation to other types of innovation

# thank you
