cnty            COUNTY CODE

rv0hh           TOTAL NUMBER OF ADULTS

        To make this selection scientifically, we first need to
        know how many adults, 18 years or older, live there.

        How many adults, 18 years or older, live there?

    ( We need to know how many adults 18 years and older live in each
      household so that we can randomly select a respondent.  This is
      necessary to scientifically conduct this study. )

rv0n            NUMBER OF MEN IN HOUSEHOLD

        How many men, 18 or older, live in your household?

rv0o            NUMBER OF WOMEN IN HOUSEHOLD

        How many WOMEN, 18 or older, live in your household ?

rv0ind           INDICATOR WOMEN FIRST

        In wave 9, 10, 11
        VALUE
        1 number of women was asked first
        0 number of men was asked first
```

```
rvrfll          RESPONDENT FILL

rv1             Household Composition

        HOUSEHOLD ADULT COMPOSITION IS:

        [fill numm]
        [fill numw]

        First how many persons live in your household...counting all
        adults and children and INCLUDING yourself ?

          VALUE
          1 to 15
          98  DON'T KNOW
          99  REFUSED

 rv2            Respondent Sex

          ( ENTER THE SEX OF THE PERSON YOU ARE INTERVIEWING ) :

        VALUE
        1  MALE
        2  FEMALE

rv28            Income Tax Fairness

        Our first few questions have to do with taxes.

        Do you think the present federal income tax system is
        fair to most people or unfair to most people ?

        VALUE
        1  FAIR
        2  UNFAIR
        8  DON'T KNOW
        9  REFUSED

rv30            Federal Income Tax

        The next few questions concern your feelings about taxes you
        have to pay.  For each type of tax, please tell me whether you
        think the tax is excessively high, about right, or low.  First,
        federal income taxes... do you think federal income taxes are
        excessively high, about right, or low ?

        VALUE
        1  EXCESSIVELY HIGH
        2  ABOUT RIGHT
        3  LOW
        6  DOES NOT HAVE TO PAY THIS TAX
        8  DON'T KNOW
```

```

rv40a   LOCAL COMMUNITY POLITICS

               Next we have some questions about politics and public affairs.
               Thinking about your community, how interested are you in local
               community politics and local community affairs?

               Would you say you are very interested, somewhat interested, not
               very interested, or not at all interested?

              VALUE
              1 VERY INTERESTED
              2 SOMEWHAT INTERESTED
              3 NOT VERY INTERESTED
              4 NOT AT ALL INTERESTED
              8 DON'T KNOW
              9 REFUSED

rv40b   NATIONAL POLITICS

                How interested are you in national politics and national affairs?

              (Would you say you are very interested, somewhat interested, not
               very interested, or not at all interested?)

              VALUE
              1 VERY INTERESTED
              2 SOMEWHAT INTERESTED
              3 NOT VERY INTERESTED
              4 NOT AT ALL INTERESTED
              8 DON'T KNOW
              9 REFUSED

rv40c   INTERNATIONAL POLITICS

                How interested are you in international politics and international

affairs?

(Would you say you are very interested, somewhat interested, not
 very interested, or not at all interested?)

rv420   Introduction

         Now, I will ask you some questions about future, uncertain outcomes.
         In each case, try to think about the whole range of possible
         outcomes and think about how likely they are to occur during the
         next 12 months. In some of the questions, I will ask you about the
         PERCENT CHANCE of something happening. The percent chance must be a
         number between zero and one hundred. Numbers like 2 or 5 percent may
         be "almost no chance," 20 percent or so may mean "not much chance,"
         a 45 or 55 percent chance may be a "pretty even chance," 80 percent
         or so may mean a "very good chance," and a 95 or 98 percent chance
         may be "almost certain." The percent chance can also be thought of
         as the NUMBER OF CHANCES OUT OF 100.

          In each case, try to think about the whole range of possible
          outcomes and think about how likely they are to occur during
          the next 12 months.

rv420c   WEATHER

          Let's start with the weather where you live. What do you think is
          the PERCENT CHANCE (or CHANCES OUT OF 100) that it will rain or
          snow tomorrow?

          (ENTER NUMBER FROM 0 TO 100 OR "d" OR "r")

          (ENCOURAGE RESPONDENT TO GIVE best estimate;

rv455a   SHORTEST TIME TO FIND A JOB

I will ask you some questions about your employment prospects.

What do you think is the SHORTEST amount of time, IN MONTHS, that
it could possibly take you to find a job that you will accept?

(ENTER NUMBER OF MONTHS, OR 998 OR 999)

(If R reports a fraction, round up to nearest whole number.)

```
   shortest time to |
        find a job |      Freq.      Percent       Cum.
-------------------+-----------------------------------
           1 month |        10        47.62        47.62
                 2 |         3        14.29        61.90

rvDM1a   LOWEST INVESTMENT VALUE

The next question is about investing in the stock market.

Please think about the type of mutual fund known as a diversified
stock fund. This type of mutual fund holds stock in many different
companies engaged in a wide variety of business activities. Suppose
that tomorrow someone were to invest one thousand dollars in such a
mutual fund. Please think about how much money this investment would
be worth one year from now.

What do you think is the LOWEST amount that this investment of $1000

would possibly be worth one year from now?

(R SHOULD GIVE DOLLAR AMOUNTS, NOT LEVEL OF CHANGE.)

(INTERVIEWER: ENCOURAGE RESPONDENT TO GIVE BEST ESTIMATE.)

(INTERVIEWER: ENTER DOLLARS, FROM 0 TO 9990.)

(IF R SAYS [fill rbrack]$9,990.00, ENTER $9,990.00.)

rvDM11a   SOCIAL SECURITY ELIGIBILITY

Politicians and the news media have been talking recently about the future of the Social Security retirement system, the federal program providing benefits to retired workers. The amount of benefits for which someone is eligible is currently determined by the person's retirement age and by earnings prior to retirement. There has been much discussion of changing the form of the Social Security system, so the future shape of the system is not certain. With this in mind, I would like you to think about what kind of Social Security retirement benefits will be available when you are older. In particular, think ahead to when you are about to turn 70 years old and suppose that you are not working at that time.

What do you think is the PERCENT CHANCE that you will be eligible to collect any Social Security retirement benefits at that time?

```

rvDM12a   LOWEST SOCIAL SECURITY

Suppose you are eligible to collect Social Security benefits when you
turn 70. Please think about how much money you would be eligible to
collect each year. When considering the dollar value, please ignore
the effects of inflation or cost-of-living increases. That is, please
respond as if a dollar today is worth the same as a dollar when you
turn 70.

What do you think is the LOWEST amount of social security benefits,
per year, that you would be eligible to receive?

(Please ignore the effects of inflation or cost-of-living increases.
  That is, please respond as if a dollar today is worth the same as a

dollar when you turn 70.)

(INTERVIEWER: ENCOURAGE RESPONDENT TO GIVE BEST ESTIMATE.)

(INTERVIEWER: ENTER NUMBER IN THOUSANDS OF DOLLARS, FROM 0 TO 9990.
ENTER NON-ZERO AMOUNTS LESS THAN $1000 AS $1000.)
